LOST AND QUICKLY FOUND!

► When Police Naiks Barde and Dhapse were assigned duty to ensure flow of migrants on the train to Bihar from Pune station, they saw a woman with two little children, holding one bag and moving towards the station. They were the last to alight. No sooner had they alighted, the bus left immediately.

Recalls Barde, "The lady started crying and said that she had forgotten her little stuff they had in the bus including the feeding bottle. So I calmed them and both Dhapse and I took the help of the PMPML staff to track down the bus and driver."

They realized that the bus had already reached Hadapsar depot. Dhapse sped to the depot on his scooter, obtained the luggage, till Barde kept on assuring them. By the time they were seated, Dhapse was with the luggage, and the family heaved a sigh of relief. A case of lost and found quickly found!
